

ENVIRONMENTAL ADVOCACY OUTREACH
August 17-September 13, 2016

Jennifer Terry met with the following water quality stakeholder groups to identify areas of collaboration, as well as potential shared advocacy efforts, for clean water:

- Iowa Environmental Council
- Environmental Law & Policy Center
- Iowa Public Health Association
- State Hygienic Laboratory University of Iowa
- Advocacy Strategies
- Land O' Lakes
- Center for Health Effects of Environmental Contaminants
- Iowa Water Center
- IIHR—Hydrology Institute University of Iowa
- Iowa Rivers Revival
- Raccoon River Watershed Association
- Earthwise Disposal
- Iowa Alliance for Responsible Agriculture
- Iowa Waste Exchange

Other Outreach Highlights:

On August 31, DMWW hosted a meeting of public health and watershed organizations to discuss inviting U.S. Environmental Protection Agency Administrator Gina McCarthy to Iowa for a listening session about urgent water quality issues and possible solutions.

Jennifer has joined the Greater Des Moines Partnership 2017 Policy workgroup on water quality, conservation and flood mitigation. DMWW will provide direction and input on formulating policy priorities for state and federal agendas for the upcoming legislative sessions.
