

# Last Stop

A few more things need to be done before the water is ready for your use.

**Directions:** Starting with the water drop on the left, follow the letters around each drop clockwise, skipping every other letter, to fill in the blanks in the paragraphs below. You will have to make 2 trips around each drip!

(left drop) Next, water goes to large t \_\_\_\_\_ . Then,  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_ h .

(right drop) After that, we add \_\_\_\_\_  
\_\_\_\_\_ so you have the  
\_\_\_\_\_ possible. Then the  
water goes to a \_\_\_\_\_ l where it is stored before  
being pumped to thousands of homes and businesses in the Des Moines area.
